Bacon Academy First Day

What is first day?

On the first day of school instead of having a full day of classes we try to have a jam packed day full of fun! This is a very special tradition because instead of shoving the new freshman into a busy work-filled day we show them just how fun Bacon Academy is. We are actually coming close to 25 years of this celebration!!! Students run through each of their classes for a very short period and than all head down to the auditorium for the first pep rally of the year.

Pep Rally

First Day Pep Rally
